California Department of Education
School Accountability Report Card
Reported Using Data from the 2015-16 School Year

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at http://www.cde.ca.gov/ta/ac/sa/.

- For more information about the LCFF or LCAP, see the CDE LCFF Web page at http://www.cde.ca.gov/fg/aa/lc/.

- For additional information about the school, parents/guardians, and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

About Our School

Welcome to Ellwood Elementary School, a place where student learning is visible daily in the engagement of children, families, and staff members! You will find that our campus is a special place; a place that brings together children, families, and educators to create a community that values and depends upon each other to create the finest educational experience for all.

We are part of the Goleta Union School District whose mission is to maximize academic, intellectual, and personal growth in order for each student to prosper in, and positively influence, a diverse and dynamic world. In fact, at Goleta Schools, we envision maximizing student capacity through educating the whole child. Our school mission, then, is to create a safe learning environment that addresses the needs of the whole child.

Each day we strive to exemplify our mission where parents, teachers and students work as a team to meet the academic, social, emotional and physical needs of all children through consistent communication, timely information, and shared knowledge. Our commitment to Character Counts, a character education program, helps us to fulfill our mission. With a focus on the Character Counts concepts of Trustworthiness, Respect, Responsibility, Fairness, Caring, and Citizenship, parents, teachers, and students work to create a positive culture.

Our district mission as well as our campus mission, provides the foundation for our educational environment- a rigorous academic program balanced with engaging activities and attitudes that foster a collaborative environment. A productive relationship among parents, teachers, and staff creates the type of education we seek for all children. We encourage parents to become actively involved, and consider them to be a vital part of our Ellwood Team.

School Description and Mission Statement (School Year 2016-17)

Ellwood School is one of the nine elementary schools of the Goleta Union School District. The Goleta Union School District (GUSD) serves the Goleta Valley, a suburban community of 80,000 people that includes the City of Goleta and a large unincorporated area. The area is known for its cultural, academic, and recreational opportunities, as well as its mild climate.

The District offers a stimulating and challenging instructional program and school environment with a capable and articulate professional staff. Many teachers, classified employees, and administrators have enjoyed long careers with GUSD. The staff is skilled at working to develop individual student potential by providing basic skills and problem solving strategies. Every GUSD school offers programs in technology, music, art, and physical education. Every GUSD school has a computer center and all classrooms and offices have Internet access.

The Board of Trustees has defined the strategic direction for the District and the schools through a comprehensive Strategic Plan and Local Accountability Plan, which are available on the District's website. The aspirations of the Goleta Union School District for each student are reflected in the following core components of the Strategic Plan:

Vision
Powerful Instruction
Purposeful Individualization
Productive Partnerships
Solid Evidence of Student Success

Mission
The Mission of the Goleta Union School District is to maximize academic, intellectual, and personal growth in order for
each student to prosper in, and positively influence, a diverse and dynamic world.

Shared Values and Beliefs
Success for every student
Effort, perseverance, and responsibility
Learning beyond the basics
Safe, healthy, and secure environments
Teamwork, partnership, and respect
High-quality services
Best instructional practices
Equity of experience

School Facility Conditions and Planned Improvements

Description of the condition and cleanliness of the school grounds, buildings, and restrooms

The school has sufficient space to house its classrooms, mandated special programs, and site-developed programs. Renovations have been performed to modernize classrooms and upgrade the building infrastructure. Infrastructure projects included installation of new electrical, plumbing and gas utilities. New carpets, paint, flooring, wall fixtures, counters, and sinks were among the modernization projects.

School Cleanliness

Three custodians work at the site. One custodian works during the day, the others work at night. The custodians are responsible for general cleaning and upkeep of the site, classrooms, offices, walkways, and restrooms. Of the two night custodians, there is one full-time custodian and one part-time custodian that works for three (3) hours each night.

During the summer, classrooms, offices and common areas are thoroughly cleaned. To a lesser degree, thorough cleaning is undertaken during winter and spring recesses. The custodial supervisor inspects site maintenance and cleanliness on a regularly scheduled basis.

District grounds keepers work at the school one full day per week. They perform general gardening duties necessary to maintain a safe and attractive school site.

District maintenance staff ensures that the repairs necessary to keep the school in working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

The District participates in the State School Deferred Maintenance Program which provides state funds to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and

- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students

Foster Youth	--	--	--	--

Note: Science test results include CSTs, CMA, and CAPA in grades five, eight, and ten. The "Proficient or Advanced" is calculated by taking the total number of students who scored at Proficient or Advanced on the science assessment divided by the total number of students with valid scores.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite

Opportunities for Parental Involvement (School Year 2016-17)

Parents are partners in the education of our students. Parents are encouraged to be involved as members of the Parent-Teacher Association, school or classroom volunteers, or as representatives to school governance organizations such as School Site Council, the English Learner Advisory Committee/District English Learner Advisory Committee (ELAC/DELAC), District GATE Advisory Committee, or District Advisory Council. Meetings occur regularly over the course of the year. A weekly "Come Have Lunch with Your Child" is offered each Wednesday.

Parent-teacher conferences are held in the fall and spring of each school year to discuss individual student progress. Additional site activities help parents understand school programs and learn about support services for parents and children.

District communication, school and classroom newsletters, new forums for electronic communication, such as Seesaw, Google Classroom and ParentSquare, and general announcements provide parents/guardians with information about their school. Schools communicate regularly with parents/guardians.

School Safety Plan (School Year 2016-17)

The following information on emergency preparedness and supervision of students is current with respect to student safety. The section on student conduct outlines the responsibilities of students for their own behavior and learning.

Security: The school posts required public signs to communicate rules prohibiting smoking, skateboarding, and alcoholic beverages. Signs are also posted to inform visitors that the school grounds close at dusk. Alarm systems, fencing, and lighting are periodically tested to ensure a safe environment. Each school is represented on the district Safety Committee. Monthly, concerns or issues regarding campus security are shared. The District Maintenance and Operations staff and principals all carry walkie-talkies in order to be available at all times. All are quick to respond to any concerns.

Emergency Preparedness: The school updates the emergency plan annually. Periodically, a staff inservice is held for members to review his or her role in an emergency situation according to the plan. The plan is on file in the school office. Emergency preparedness drills are conducted regularly to ensure students and staff safety in the event of fire, earthquake, or other disaster. The plan focuses on the three R's of disaster preparedness: readiness, response, and recovery to teach all students and staff to be prepared should any emergency occur.

Supervision of Students: Classroom teachers are responsible for maintaining a safe learning environment. Students are carefully supervised within classrooms and on the playground. Yard duty supervisors are employed at recess and lunchtime to ensure a safe environment for students. School policies regarding behavior are reviewed with students and staff regularly. Policies are sent home to parents annually. We are committed to student safety and a positive school climate.

Badge Identification System for Employees, Volunteers, and Visitors: Signs are posted on campus to advise visitors to sign in at the office. To systematically identify persons who have a legitimate presence on our campus, all employees, volunteers, or visitors are required to wear a pocket or lanyard identification badge. Visitor and volunteer badges are obtainable in the school office. The staff reminds any visitor without a badge to return to the office for one

in order to heighten awareness of anyone who is on the campus.

Professional Development

The District annually provides three days of in-service to certificated staff and District-wide release-time throughout the year. Teachers are afforded common plan time to work in Professional Learning Communities as well as opportunities to attend professional conferences and workshops. Classified staff members meet for training specific to their positions several times during the year.

During the 2013-14 school year, the Professional Development days provided Factswise training for all third grade teachers and all K-2 teachers not previously trained. Additionally, all teachers were trained on Number Talks and introduced to other topics including the following: The Operations and Algebraic Thinking, Number and Operations in Base Ten/Number System learning progression documents and addition and subtraction problem types. Ongoing math training continued throughout the year and expanded on incorporation of these topics into daily instruction. Teachers were also trained in the Coherent Writing program focusing on Summary of Expository and Close Reading. Teachers administered two common formative assessments (CFA) (Fall CFA was Summary of Narrative and

Spring CFA was Summary of Expository) and analyzed and discussed student work with site grade level teams as part of the ongoing training efforts. Lastly, various optional after school workshops on Math and English Language Arts were offered to teachers throughout the years.

Professional Development during the 2014-2015 school year had a major focus on mathematics instruction. Teachers on special assignment utilized the Cognitive Guided Instruction (CGI) model to help teachers understand the knowledge that students bring to the math process and how they connect that knowledge with formal concepts and operations. The specific topics for the training were problem types, problem solving, the standards for mathematical practices and fractions. Teachers were also trained on the writing standards and progressions and given an introduction to argument/opinion writing integrated with science content. Follow-up/continued training was also provided in the areas of close reading and text dependent questions. All school sites selected a team to participate in a foundational learning module on Multi-Tiered Systems of Support.

The district adopted a new series for the 2015-2016 school year, The Math Learning Center: Bridges for K-5 and College Preparatory Math (CPM) - Core Connections 1 for sixth grade. Before contractual days, select teachers participated in two days of training the trainers. These teachers served as in-house experts throughout the year. In addition, our initial contractual professional development days provided Bridges and CPM training for all staff. Initial contractual days provided a new teacher training day to orient teachers to Goleta Union School District. We also continued our Differentiated Instruction for fourth through sixth grade teachers with a focus on fifth grade teachers. Our special education staff received professional development specific to their positions, e.g. CPI training.

Curriculum Council serves as an ongoing steering committee. During the 2015-2016 school year, the Council reviewed SBE approved materials, ELA/ELD Standards, and used the 2015 Adoption Toolkit: English Language Arts/Literacy and English Language Development (California County Superintendents Educational Services Association [CCSESA], 2015). Using the three resources and several publishers' presentations, the Council chose two ELA/ELD series to pilot in the 2016-2017 school year and will continue into the following year.
