California Department of Education School Accountability Report Card Reported Using Data from the 2016-17 School Year

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the [CDE DataQuest Web page](#) that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

About Our School

Welcome to the Isla Vista Elementary School Community! We are proud of the diversity celebrated on our campus with over 26 home languages and cultures represented by our students and their families. Students at Isla Vista School pursue rigorous learning goals with ample support for all types of learners. We are both a California Distinguished School and a Title I Achievement School. Our partnerships with the nearby University of California at Santa Barbara and other local organizations enrich our school experiences with additional expertise and volunteers. We develop the whole child with specialist classes, noon-time clubs and sports, as well as after-school enrichment activities. Families appreciate the robust on-site before and after-school program that serves approximately 200 of our students. Our parents are leaders in supporting our school community with family events, education nights, and camp experiences for our upper grade students. Isla Vista School is a great place to learn and grow!

Sincerely,

Mary Kahn, Principal

School Description and Mission Statement (School Year 2017-18)

Our Mission: Isla Vista School develops future-ready readers, writers, and mathematicians who are ALL prepared for college!

Our mission at Isla Vista School: "Isla Vista School develops future-ready readers, writers, and mathematicians who are ALL prepared for college."

We take pride in the diverse population at our school with over 26 different home languages spoken at in our students' homes.

Our teachers and support staff use baseline, benchmark, and progress monitoring data to work with students and families to set learning goals for all students. Based on students' learning goals, they will participate in rigorous core curriculum and daily intervention or extension support as appropriate. All students participate in daily language development, at their identified level of need. Additionally, our students with more intensive needs may participate in before or after-school tutoring programs.

Teachers and staff meet regularly to review student progress based on academic progress monitoring and student performance. Modifications to a students' academic or social/emotional program are made promptly should a child demonstrate need for more intensive intervention or be ready for additional challenge. All students not making adequate academic progress are monitored on an intervention plan with SMART goals that is updated each trimester and discussed with the parents for additional input.

Isla Vista School values the whole child, offering opportunities both integrated through the curriculum, as well as through specialist instruction for multi-media, physical education, library, music, and art. Parent education classes and opportunities for participation and leadership are offered in both English and Spanish.

Our current school focus is on further supporting students with strong language skills for critical thinking and academic participation, as well as developing students' social and emotional strategies to support self-regulation and positive social interaction.

School Facility Conditions and Planned Improvements

Description of the condition and cleanliness of the school grounds, buildings, and restrooms

The school has sufficient space to house its classrooms, mandated special programs, and site-developed programs. Renovations have been performed to modernize classrooms and upgrade the building infrastructure. Infrastructure projects included installation of new electrical, plumbing and gas utilities. New carpets, paint, flooring, wall fixtures, counters, and sinks were among the modernization projects.

School Cleanliness

Three custodians work at the site. One custodian works during the day, the others work at night. The custodians are responsible for general cleaning and upkeep of the site, classrooms, offices, walkways, and restrooms. Of the two night custodians, there is one full-time custodian and one part-time custodian that works for two (2) hours each night.

During the summer, classrooms, offices and common areas are thoroughly cleaned. To a lesser degree, thorough cleaning is undertaken during winter and spring recesses. The custodial supervisor inspects site maintenance and cleanliness on a regularly scheduled basis.

District grounds keepers work at the school site one full day per week. They perform general gardening duties necessary to maintain a safe and attractive school site.

District maintenance staff ensures that the repairs necessary to keep the school in working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

The District participates in the State School Deferred Maintenance Program which provides state funds to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in ELA and Mathematics for All Students

Grades Three through Eight and Grade Eleven (School Year 2016-17)

Mathematics (grades 3-8 and 11)	51%	58%	54%	57%	36%	37%

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Students Receiving Migrant Education Services				
Foster Youth				

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3--Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Note: Science test results include California Standards Tests (CSTs), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA) in grades five, eight, and ten.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The 2016-17 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite

Opportunities for Parental Involvement (School Year 2017-18)

Parents and extended family are welcome to volunteer to support our school community.

During the school day, parents are invited to work with their child's teacher to set up regular volunteer times to help during class or specialist classes. Parents are also encouraged to help with field trips, special events, and serve as chaperones on our upper grade camp experiences.

Before or after-school, parents are invited to volunteer in our on-site childcare programs by contacting the directors of those specific programs. Likewise, parents are welcome to come support the after-school enrichment activities by contacting the teachers of those classes directly.

We have several organizations for parents to become involved in at Isla Vista School.

Our PTA (Parent-Teacher-Association) hosts several family events, meetings, and fundraising activities such as the back to school BBQ, carnival, Parent's Night Out, PTA meetings with guest speakers, and our jog-a-thon. If you are interested in learning more about our PTA, you can contact PTA President Lynnette Nievares at ivptapresident@gmail.com or leave her a message at our school (805) 685-4418.

Our ELAC (English Language Advisory Committee) is a parent leadership group that meets to support parents of children learning English. Our ELAC hosts an annual event in December, called the "convivio" or potluck with shared music, food, crafts, and dancing. At our school, ELAC parents also serve as advocates for our English Language Learner families and do some fundraising to support additional enrichment classes they would like to see offered on site. Currently, our ELAC has funded an after-school enrichment class of Ballet Folklorico. If you are interested in learning more about our ELAC, please contact teacher Cheryl Takahara at our school (805) 685-4418.

Our SSC (School Site Council) is another way for parents to be involved in the leadership of our school. A combination of school staff and parents participate together to build our school plan, which includes annual school goals and budget allocations. Our SSC also monitors our safety plan and student progress. Election for SSC positions are held in September, but the meetings are open to all IV School families. If you are interested in attending a SSC meeting, please contact our school office at (805) 685-4418.

Parents are invited regularly to participate in our school events, which are advertised in our Friday Folders and on our internal communication system, Parent Square. Starting the year off right, all grades offer a meet and greet the day before school starts for children and their families to meet their new teacher and see their classroom. Parent-teacher conferences are held in November and March. Parent nights for information for special grade level experiences are held for parents to stay informed. An Open House is held annually in April to celebrate student success over the year. Student Success Team meetings, which include parents, are held when a child is not making adequate progress and everyone meets together to discuss possible supports. Parents and family are invited to celebrate for special awards during our student of the month assemblies, but also in our 100th day parade, jog-a-thon, carnival, multi-cultural fair, convio, potlucks, miracle mile run, and kindergarten/sixth grade promotions.

To support all parents to feel comfortable attending events, we arrange translation and childcare as necessary. For anyone interested in further information about volunteering at our school, please contact the office at (805) 685-4418.

School Safety Plan (School Year 2017-18)

The following information on emergency preparedness and supervision of students is current with respect to student safety. The section on student conduct outlines the responsibilities of students for their own behavior and learning.

Security: The school posts required public signs to communicate rules prohibiting smoking, skateboarding, and alcoholic beverages. Signs are also posted to inform visitors that the school grounds close at dusk. Alarm systems, fencing, and lighting are periodically tested to ensure a safe environment. Each school is represented on the district Safety Committee. Monthly, concerns or issues regarding campus security are shared. The District Maintenance and Operations staff and principals all carry walkie-talkies in order to be available at all times. All are quick to respond to any concerns.

Emergency Preparedness: The school updates the emergency plan annually. Periodically, a staff inservice is held for members to review his or her role in an emergency situation according to the plan. The plan is on file in the school office. Emergency preparedness drills are conducted regularly to ensure students and staff safety in the event of fire, earthquake, or other disaster. The plan focuses on the three R's of disaster preparedness: readiness, response, and recovery to teach all students and staff to be prepared should any emergency occur.

Supervision of Students: Classroom teachers are responsible for maintaining a safe learning environment. Students are carefully supervised within classrooms and on the playground. Yard duty supervisors are employed at recess and lunchtime to ensure a safe environment for students. School policies regarding behavior are reviewed with students and staff regularly. Policies are sent home to parents annually. We are committed to student safety and a positive school climate.

Badge Identification System for Employees, Volunteers, and Visitors: Signs are posted on campus to advise visitors to sign in at the office. To systematically identify persons who have a legitimate presence on our campus, all employees, volunteers, or visitors are required to wear a pocket or lanyard identification badge. Visitor and volunteer badges are obtainable in the school office. The staff reminds any visitor without a badge to return to the office for one

in order to heighten awareness of anyone who is on the campus.

Professional Development

Goleta Union School District annually provides three days of in-service to certificated staff and district-wide release time throughout the year. Teachers are afforded common plan time to work in Professional Learning Communities as well as opportunities to attend professional conferences and workshops. Classified staff members meet for training specific to their positions several times during the year.

Our Curriculum Council and related subcommittees provide formal structures as on-going steering committees. In 2015-2016, the Curriculum Council used the 2015 Adoption Toolkit: English Language Arts/Literacy and English Language Development (California County Superintendents Educational Services Association [CCSESA], 2015) to narrow pilot choices for a reading program. In 2016-2017, our committee of teachers and administrators recommended adopting Wonders Reading. Consequently, two initial in-service days were devoted to orienting teachers to the new adoption.

Our primary means of professional development is the PLC process. We have a trained cadre of teachers and administrators in the DuFour PLC process. In 2016-2017, we embarked on a journey rooted in the Standards for Staff Development (Learning Forward, 2006). We combined the work of Learning Forward with Doug Reeves' Data-Driven Decision Making (2006), DuFours' (2007) PLC philosophy and Victoria Bernhardt's Four Areas (2004) to provide a powerful school improvement process intended to increase the capacity of teacher-administrator teams and to align educator learning with student learning needs.

We began our journey by endeavoring to answer the questions 'what do students need to know and be able to do', 'what do educators need to know and be able to do to ensure student success', and 'what professional development will ensure educators acquire the necessary knowledge and skills?' (NSDC, 2006). Differentiating for adults is as important as differentiating for students. PLCs identify a study group focus. The study group plans take the place of an individual professional goal, a component of the teacher evaluation process. Instead, teachers work with their PLC throughout the year to focus on an area of their choosing based on evidence. PLC study group plans are aligned with our district mission, the LCAP, and school site plans. At the end of the year, PLCs share their learning outcomes with staff members by presenting their study group focus, what they learned along the way, and what they did differently because of their study group.
