

Curriculum Council
Agenda
2/28/18

The GUSD Curriculum Council is comprised of teachers, instructional specialists, site and district administrators and Board members. The goal of the council is to provide centralized oversight of a coordinated curriculum that supports the GUSD mission and goals with a particular focus on NGSS in 2017-2018. Our purpose is to ensure horizontal and vertical alignment of curriculum, instruction, assessments, and professional learning that benefits all students.

Kellogg- Nora, Sora

La Patera- Laura, Mojdeh

Mountain View- Kelly

PECC Eval guide

1:30-3:00

Discovery Ed Techbook

[STEM Connect](#) is a supplemental K-8 resource designed to support interdisciplinary STEM instruction. You'll find grade-level units designed around real-world, global challenges that engage students through the 4C's and guide them towards developing solutions. Here's an [overview video](#) that offers a quick 3-min overview as well.

Instructional Segments- Bundling of PEs

- Dive into the Grade Level Frameworks and look at Instructional Segments.
- Have standards and Framework out to look at the ISs (bundles) and the specific standards
