School Plan for Student Achievement (SPSA) Template

Instructions and requirements for completing the SPSA template may be found in the SPSA Template Instructions.

School Name	County-District-School (CDS) Code	Schoolsite Council (SSC) Approval Date	Local Board Approval Date
El Camino Elementary School	42-69195-6045405	September 24, 2019	October 16, 2019

Purpose and Description

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Schoolwide Program

Briefly describe the school's plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

The purpose of the School Plan for Student Achievement (SPSA) is to create a cycle of continuous improvement of student performance, and to ensure that all students succeed in reaching academic standards.

Comprehensive Needs Assessment Components

Data Analysis

Please refer to the School and Student Performance Data section where an analysis is provided.

Surveys

This section provides a description of surveys (i.e., Student, Parent, Teacher) used during the school-year, and a summary of results from the survey(s).

Through our annual Local Control Accountability Plan (LCAP) input process, parents, teachers, staff, leadership, and students are invited to give input to what is working and what are areas of continued need in our schools.

Classroom Observations

This section provides a description of types and frequency of classroom observations conducted during the school-year and a summary of findings.

Site leaders regularly observe classrooms formally and informally to assess school needs and give feedback to personnel. District-wide, teachers and leaders conduct instructional rounds to observe and reflect on District trends. District leadership makes regular site visits through classrooms with principals to observe and reflect on successes and areas for improvement.

Analysis of Current Instructional Program

The following statements are derived from the Elementary and Secondary Education Act (ESEA) of 1965 and Essential Program Components (EPCs). In conjunction with the needs assessments, these categories may be used to discuss and develop critical findings that characterize current instructional practice for numerically significant subgroups as well as individual students who are:

- Not meeting performance goals
- Meeting performance goals
- Exceeding performance goals

Discussion of each of these statements should result in succinct and focused findings based on verifiable facts. Avoid vague or general descriptions. Each successive school plan should examine the status of these findings and note progress made. Special consideration should be given to any practices, policies, or procedures found to be noncompliant through ongoing monitoring of categorical programs.

Standards, Assessment, and Accountability

Use of state and local assessments to modify instruction and improve student achievement (ESEA)

State and local assessment data is available to District and site leadership and teachers/staff. Additionally, benchmark data is compiled and summarized in reports for ease of use.

Use of data to monitor student progress on curriculum-embedded assessments and modify instruction (EPC)

All students take monthly STAR 360 Early Literacy or Reading/Math assessments. Additionally, students this year will take common formative assessments in math twice per unit, along with the summative assessments their teacher elects to use. Twice a year students take a benchmark writing assessment. Teachers may add any additional assessments they feel necessary to inform their practice. Informal observation is done regularly by teachers, staff, and site leadership.

Staffing and Professional Development

Status of meeting requirements for highly qualified staff (ESEA)

All classroom teachers are highly qualified.

Sufficiency of credentialed teachers and teacher professional development (e.g., access to instructional materials training on SBE-adopted instructional materials) (EPC)

All teachers are highly qualified and continue to be professionally developed in instructional strategies and curriculum needs.

Alignment of staff development to content standards, assessed student performance, and professional needs (ESEA)

Staff development planning is based on leadership and teacher input regarding instructional needs, as well as an analysis of student successes and areas for improvement.

Ongoing instructional assistance and support for teachers (e.g., use of content experts and instructional coaches) (EPC)

New teachers are supported with the County's teacher induction program, as well as a four-part new teacher series to support the development of district-specific programs. All teachers participate in ongoing professional development at the beginning of the school year and monthly as a District. Teachers and staff focus on learning differentiated for the school site during staff meetings and PLC meetings. All teachers work with their PLC teams on a professional practice goal tied to their school plan and District LCAP over the course of the year. Additional support is available as needed, also.

Teacher collaboration by grade level (kindergarten through grade eight [K–8]) and department (grades nine through twelve) (EPC)

Teachers meet regularly in District and site professional development opportunities or staff meetings. General education teachers are provided release time embedded within the school day to meet as a grade level professional learning community. Support staff can design their schedules to accommodate meeting with their teachers, and support is in process to ensure continuity of this cross-collaboration.

Teaching and Learning

Alignment of curriculum, instruction, and materials to content and performance standards (ESEA)

Teachers utilize the Common Core State Standards to guide their planning. They use District adopted curriculum as the foundation for their instruction.

Adherence to recommended instructional minutes for reading/language arts and mathematics (K–8) (EPC)

Students receive their core Tier I instruction in their homeroom classroom for English Language Arts and Math. Adherence to the recommended amount of instructional minutes is reviewed annually at the beginning of the year by site leadership in a review of master schedules.

Lesson pacing schedule (K–8) and master schedule flexibility for sufficient numbers of intervention courses (EPC)

Site and District Leadership work together with teachers to ensure that all students have adequate access to Tier I core instruction during content areas. Targeted intervention and extension time also part of the daily routine.

Availability of standards-based instructional materials appropriate to all student groups (ESEA)

All students have access to District adopted materials for English Language Arts, Math, Science, and Social Studies. Differentiation strategies and materials are available to students as necessary.

Use of SBE-adopted and standards-aligned instructional materials, including intervention materials, and for high school students, access to standards-aligned core courses (EPC)

SBE-adopted core and ancillary materials are available to all students in English Language Arts/Literacy, English Language Development, Mathematics, Social Studies, and Science.

Opportunity and Equal Educational Access

Services provided by the regular program that enable underperforming students to meet standards (ESEA)

Teachers and staff are professionally developed to provide a high-quality program of instruction and support to all students.

Evidence-based educational practices to raise student achievement

District and site leadership, District committees, and Teachers on Special Assignment regularly incorporate research in the development of their work and as the basis of their work with teachers and staff.

Parental Engagement

Resources available from family, school, district, and community to assist under-achieving students (ESEA)

Goleta Union School District values its partnerships with the community to serve our families. Resources are available in areas of academic, social/emotional, behavioral, after-school childcare and enrichment, and more as needed.

Involvement of parents, community representatives, classroom teachers, other school personnel, and students in secondary schools, in the planning, implementation, and evaluation of ConApp programs (5 California Code of Regulations 3932)

Through our annual Local Control Accountability Plan (LCAP) input process, parents, teachers, staff, leadership, and students are invited to give input to what is working and what are areas of continued need in our schools. Input is solicited on core programs, as well as comprehensive supplemental services.

Funding

Services provided by categorical funds that enable underperforming students to meet standards (ESEA)

Additional targeted intervention and extension is made available for students who are, or were ever, an English learner. Additionally, access to additional support and summer school is available to students with academic needs.

Fiscal support (EPC)

Our site receives funds to support our needs. Additional partnerships with our parent organizations and the community complement the District support.

Stakeholder Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

The School Site Council (SSC), which is comprised of an equal number of parents and staff, works to review input from various stakeholders in the school community including teachers, staff, parents, leadership, and community partners, along with student performance data to develop the school plan.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

Grade 4	25	32	
Grade 5	37	26	
Grade 6	36	39	
Total Enrollment	244	229	

Conclusions based on this data:

1. Students at El Camino School are predominately Hispanic/Latino (~82%) and White (~10%).
2. Overall enrollment is low, fluctuating between 230-240 students, showing an increase with 250 students enrollment for the 2019-2020 school year.

Student Enrollment English Learner (EL) Enrollment

English Learner (EL) Enrollment						
Student Group	Number of Students			Percent of Students		
	2016-17	2017-18	2018-19	2016-17	2017-18	2018-19

Fluent English Proficient (FEP)	35	44		14.3%	19.2%	
Reclassified Fluent English Proficient (RFEP)	14	28		11.5%	24.3%	

Conclusions based on this data:

1. The percentage of English Learners at El Camino School has declined over the last few years. Approximately 47% of students enrolled at El Camino identified as English learners in 2016-2017 and approximately 37% enrolled for 2018-2019.
2. It should be noted that California changed to a different initial and annual English Learner assessment in the spring of 2018 called the English Learner Proficiency Assessments for California (ELPAC).

Conclusions based on this data:

1. Student participation in CAASPP assessments in consistently strong.
2. Overall scaled scores continue to increase slightly overall. Approximately (~12%) of students exceed the standard and (~26%) meet the standard in overall English Language Arts/Literacy achievement. Approximately (~25%) nearly meet and (~35%) do not meet the overall achievement standards in ELA. It should be noted that these percentages are approximate, as there are varied and fluctuated scores between grade levels/years.
3. The claims demonstrate that writing is an area that needs improvement with (~36%) not meeting the standard and only (~18%) exceeding the standard. Listening is less likely to be an area of strength (exceed standard) for most students, although few students do not meet the standard. Research/Inquiry is a claim that about half of the students are near/meet the standard, a third do not meet it, and about 20% are above the standard.

Conclusions based on this data:

1. Student participation in CAASPP assessments is consistently strong.
2. Overall scaled scores continue to increase slightly overall. Approximately (~16%) of students exceed the standard and (~24%) meet the standard in overall Math achievement. Approximately (~24%) nearly meet and (~36%) do not meet the overall achievement standards in Math. It should be noted that these percentages are approximate, as there are varied and fluctuated scores between grade levels/years.
3. Approximately 25% of students exceed the standard in concepts/procedures and 30% are near/meeting the standard. Another 45% are not meeting the standard. Problem solving/Data Analysis is challenging with only ~15% students exceeding the standard and ~40% not meeting it. Communicating reasoning is a relative strength with only about 36% not meeting the standard.

Conclusions based on this data:

1. Approximately 61% of English learner students achieved an overall score of Level 4, one criteria for reclassification.
2. Approximately 28% of English learners assessed achieved an overall score of Level 3 and no students received a Level 2 or 1.
3. Oral language, Listening, and Speaking are areas of strength, with ~68% achieving a Level 4 in these areas. Reading and Writing were areas of challenge, with ~40% receiving a Level 4.

Student Population

This section provides information about the school's student population.

2017-18 Student Population			
Total Enrollment	Socioeconomically Disadvantaged	English Learners	Foster Youth
229	72.9%	37.1%	
This is the total number of students enrolled.	This is the percent of students who are eligible for free or reduced priced meals; or have parents/guardians who did not receive a high school diploma.	This is the percent of students who are learning to communicate effectively in English, typically requiring instruction in both the English Language and in their academic courses.	This is the percent of students whose well-being is the responsibility of a court.

2017-18 Enrollment for All Students/Student Group		
Student Group	Total	Percentage
English Learners	85	37.1%
Homeless	7	3.1%
Socioeconomically Disadvantaged	167	72.9%
Students with Disabilities	12	5.2%

Asian	9	3.9%
Filipino	2	0.9%
Hispanic	192	83.8%
Two or More Races	1	0.4%
White	23	10.0%

Conclusions based on this data:

1. Approximately 73% of students are socioeconomically disadvantaged. This percentage of students from low-income households is the highest in the District.
2. Approximately 37% of students are identified as English learners.
3. About 5% enrolled are students with disabilities. This seems low compared to the average.

LEA/LCAP Goal

LCAP Goal 1: Demonstrate robust achievement growth for all pupils; reduce disparity in levels of achievement between student subgroups.

Goal 1

All students will demonstrate a year's growth in English Language Arts/Literacy as measured by the STAR 360 Early Literacy, STAR 360 Reading, and SBAC assessments.

Identified Need

Spring 2019 State and local (STAR 360) data indicates that while many students are having success, a significant number of students have room to improve their proficiency. Additionally, by looking at individual students' growth data, grade level PLC teams are able to better target instruction for improved outcomes.

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

All students, including English Learners and students from low-income families, will be served by this strategy.

Strategy/Activity

Grade level Professional Learning Communities (PLCs) will meet together regularly to analyze student data and work samples, discuss best practice instructional strategies and curriculum implementation. Emphasis will be on Tier I core initial instruction, scaffolding, and differentiation

within the class environment. Teachers will participate in professional development to support their skills in data analysis and knowledge of effective PLC teams.

Annual Review

SPSA Year Reviewed: 2018-19

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Master scheduling and professional development supported the development of team collaboration and professional learning community work (PLCs). Grade level PLCs collaborate to analyze student formative and summative assessments as well as discuss effective instructional strategies for all students. Additionally, PLCs worked together to determine intervention/extension needs of students and implement strategies/curriculum to serve them in differentiated target time. PLC teams are more significantly in alignment with each other, which supports uniform access to learning for all students. We expect continued improvement on State and local assessments as an outcome of these efforts.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

There was no significant difference between the intended implementation of the budget and the expenditures.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Our next steps will be to continue to work as Professional Learning Communities to examine our Tier I core instruction more deeply, including what we can do to differentiate and scaffold within core instruction to support the success of all students. We will continue to provide systematic targeted intervention/extension time for students. The curriculum, instructional strategies, and skills to target will be discussed during PLC time teams have together. Acquisition of common materials for targeted intervention/extension will be determined. As we analyze how students perform, we will continue to look at proficiency measures, but also will be examining their growth to measure adequate progress.

Strategy/Activity 1

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

All students, including English Learners and students from low-income families, will be served by this strategy.

Strategy/Activity

Professional Learning Communities (PLC) Teams will collaborate to determine essential standards in math. They will use these identified essential math standards as the basis for Tier I core instruction, scaffolding, and differentiation in class. Essential standards will be monitored with common formative assessments. Essential standards will be communicated to special education teachers and families to support focused intervention.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Annual Review

SPSA Year Reviewed: 2018-19

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Professional Learning Communities (PLCs) were established and regularly met to discuss student outcomes and collaboratively determine an instructional response to support student learning. Teacher teams collaborated and developed greater alignment amongst each other and in using District adopted materials. 4th-6th Grade students significantly improved student outcomes as compared to the previous year on the SBAC assessment. STAR 360 proficiency outcomes indicate several grade levels are demonstrating strong increases in overall outcomes.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

There were no drastically material differences in proposed and actual expenditures.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

For the 2019-2020 school year, PLC teams will be utilizing common formative assessments in math to more specifically guide their instruction. They will continue progress monitor student performance with the STAR 360 math assessment, also.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

English Language Development

LEA/LCAP Goal

Goal 2: Apply best practices in teaching and learning, including effective implementation of new State Standards, including mathematics, ELD/ELA and science.

Goal 3

All students, specifically including English Language Learner students, will increase their frequency and complexity of oral language production.

Identified Need

Informal observations, student performance data, and 2018-2019 instructional rounds data indicate that developing opportunities and scaffolding to produce oral language across the curriculum and throughout the school day continues to be an area of need.

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Teachers will self-assess three times/year the level of oral language frequency and complexity during an integrated lesson (ELA, Math, or Science)	This will occur in the first week of October.	Over the course of the school year teachers will increase the frequency and complexity of contributions by students to academic discussion during core instruction through the use of strategic structured language practices and routines.
Students will self-assess three times/year the number of times they contribute to a conversation during a lesson (ELA, Math, or Science)	This will occur in the first week of October.	Over the course of the school year students will increase the reported number of times that they productively contribute to academic discussion during core instruction through participation in structured language practices and routines.
Informal observations indicate an increased opportunity to produce language and increased scaffolding with structured language practices and routines.	Informal observations indicate that student language production and scaffolding to support language production occurs occasionally.	Informal observations will demonstrate a steady increase in the number of structured language practices and routines in use and the frequency/complexity of

Strategy/Activity 1

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

All students, including English Learners and students from low-income families, will be served by this strategy.

Strategy/Activity

Students identified as English learners will participate in a grade level wide 30 minute designated English Language Development period, taught at their language level range, with lower than average student to teacher class size utilizing Wonders Designated ELD curriculum. Certificated Tutor support will reduce student:staff ratio for ELD instruction.

Proposed Expenditures for this Strategy/Activity

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Teachers and principal participated in instructional rounds. Feedback identified a continued need to implement structured language practices to support language usage across the curriculum throughout the school day. Students participated in Designated English Language Development at their instructional level. Additional supplemental material was made available to students with more intensive language needs.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

There were no drastically material differences in the proposed and actual expenditures.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Feedback from teachers and leadership indicates students increased their opportunities and ability to produce oral language throughout the school day. However, data indicates this is a continued area of need.

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 1 Classroom Teachers
- 1 Other School Staff
- 3 Parent or Community Members

Name of Members	Role
Amanda Martinez	Principal
Kyla Kinzler	Classroom Teacher
Lucy Figueroa	Other School Staff
Jackson Reese	Parent or Community Member
Cary Kwasizur	Parent or Community Member
Ariana Castellanos	Parent or Community Member

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature

Committee or Advisory Group Name

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on 9-24-2019.
