**3. School Presentation and Tour – Lorena Reyes, Principal**

Principal Reyes shared a presentation about her school which included a detailed explanation about the differences in the three tiers of the Multi-Tiered Systems Of Support (MTSS), their mission statement and goals of their school. We took a tour of the school, including several 4 – 6 grade classrooms, the garden program being led by Explore Ecology, the field, Kindergarten yard, library and multi-purpose room.

**4. Human Resources Presentation – David Simmons, Assistant Superintendent**

David Simmons introduced himself and shared his background in education with the committee. He shared his presentation explaining the annual staffing report and reviewed the number of employees by classification, employee attrition, new hires, recruitment, retention, hiring practices, and state trend data.

**5. Educational Specifications Report – Dr. Donna Lewis, Superintendent**

Dr. Lewis explained that they have engaged in the Educational Specifications (EdSpecs) process for approximately six months to come up with a plan to reinvision our learning environment in the classrooms and schools. This plan will dovetail nicely with the Facilities Master Plan that is also taking place.
