About Our School

At Kellogg School, we believe that every child is an individual with the right to grow and to develop all of his/her abilities to their full potential. Our curricula and daily programs reflect the following goals for our students.

Each student will: 1. Master the basic skills of reading, writing, and computation. 2. Develop positive relationships with peers and adults. 3. Be encouraged to develop interests and engagement within learning through differentiation strategies. 4. Be provided intervention support as needed using multi-tiered systems of support to monitor progress and growth. 5. Be physically fit and healthy. 6. Promote and practice the moral and civic values of the entire community.

As one of four intensive special education district programs, our site provides students with autism a program that supports students both academically and behaviorally with a knowledgeable teaching and support staff. In addition, district wide training on differentiation strategies in grades K-6 has provided staff with the ability to better meet our students' needs. The use of the Second Step Socio-Emotional curriculum district-wide has helped teachers teach important lessons, such as empathy, respectful listening, conflict resolution, emotion management to our students. Teamed with the district's commitment to providing on-going professional development of Professional Learning Communities (PLCs) and the use of data teams and data analysis to ensure progress monitoring of student performance, our Kellogg community provides an optimal learning environment for students and staff.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF webpage at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject areas of physical education.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2020-21)

Parents are partners in the education of our students. Parents are encouraged to be involved as members of the Parent-Teacher Association (PTA), school or classroom volunteers, or as representatives to school governance organizations such as Kellogg School Site Council (KSSC), the English Learner Advisory Committee (ELAC) /District English Learner Advisory Committee (DELAC), Kellogg Social Justice Committee, District Gifted Education Services Committee, District Wellness Committee, District Safety Committee or District Advisory Council (DAC). Meetings occur regularly over the course of the year with members receiving meeting date reminders regularly. Parent-teacher conferences are held in the fall and spring of each school year to discuss individual student progress. Additional site activities help parents understand school programs and learn about support services for parents and children. District communication, school and classroom newsletters, new forums for electronic communication, and general announcements provide parents/guardians with information about their school. Schools communicate regularly with parents/guardians through an online communication tool. The principal provides weekly updates with upcoming events via the online tool. The school also has a message board that is updated regularly.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan (School Year 2020-2021)

The following information on emergency preparedness and supervision of students is current with respect to student safety. The section on student conduct outlines the responsibilities of students for their own behavior and learning.

Security: The school posts required public signs to communicate rules prohibiting smoking, skateboarding, and alcoholic beverages. Signs are also posted to inform visitors that the school grounds close at dusk. Alarm systems, fencing, and lighting are periodically tested to ensure a safe environment. Each school is represented on the district Safety Committee. Monthly, concerns or issues regarding campus security are shared. The District Maintenance and Operations staff and principals all carry walkie-talkies in order to be available at all times. All are quick to respond to any concerns.

Emergency Preparedness: The school updates the emergency plan annually. Periodically, a staff in-service is held for members to review his or her role in an emergency situation according to the plan. The plan is on file in the school office. Emergency preparedness drills are conducted regularly to ensure students and staff safety in the event of fire, earthquake, or other disaster. The plan focuses on the three R's of disaster preparedness: readiness, response, and recovery to teach all students and staff to be prepared should any emergency occur. The plan has been updated to include the safety measures in place during the pandemic to ensure the safety of all staff and students.

Supervision of Students: Classroom teachers are responsible for maintaining a safe learning environment. Students are carefully supervised within classrooms and on the playground. Yard duty supervisors are employed at recess and lunchtime to ensure a safe environment for students. School policies regarding behavior are reviewed with students and staff regularly. Policies are sent home to parents annually and clearly stated in our Kellogg Parent Handbook. We are committed to student safety and a positive school climate.

Badge Identification System for Employees, Volunteers, and Visitors: Signs are posted on campus to advise visitors to sign in at the office. To systematically identify persons who have a legitimate presence on our campus, all employees, volunteers, or visitors are required to wear a pocket or lanyard identification badge. Visitor and volunteer badges are obtainable in the school office. The staff reminds any visitor without a badge to return to the office for one in order to heighten awareness of anyone who is on the campus.

Note: The 2019-2020 suspensions and expulsions rate data are not comparable to prior year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to prior years.

Professional Development (Most Recent Three Years)

Measure	2018-19	2019-20	2020-21
Number of school days dedicated to Staff Development and Continuous Improvement	5	5	5

Goleta Union School District annually provides four full days and two half-days of in-service to certificated staff. Professional development is also conducted during staff meetings, and district-wide after-school meetings or release time throughout the year. Teachers are afforded common collaboration time to work in Professional Learning Communities as well as opportunities to attend professional conferences and workshops. Classified staff members meet for training specific to their positions several times during the year. Our Curriculum Council and related subcommittees provide formal structures as on-going steering committees.

The focus of professional development is selected to support the district's LCAP goals and the implementation of core curriculum. For the 2019-2020 school year, district professional development was concentrated on implementing core instruction in science, including understanding the resources available through the new science adoption. The district also built capacity in staff around professional learning communities. Included in this work was increasing the use and analysis of benchmark summative and common formative assessments. Additionally, the professional learning teams worked collaboratively to improve site-based systems for monitoring and responding to student progress. During the 2020-2021 school year, these same goals have continued to be a focus. Staff has also attended to best practices and student engagement during remote instruction. During the 2020-2021 school year, staff also participated in workshops to address anti-racism and begin conversations to support social justice in our school communities. Principals support their teacher teams with implementation of best practices through feedback after observations, conversation and consultation during grade level team meetings, and during staff meetings focused on staff development. Teachers on special assignment and district committee representatives also provide support through consultation and resources.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).
